## Level of Risk and Spread

Cornerstone Christian Academy will evaluate spread of COVID-19 on a scale of 5 levels of risk. The Risk Level will determine the course of action for students and teachers. Cornerstone’s campus is physically divided into four different “wings”. These wings are Preschool, K-3, 4-6, and 7-12. Interaction between these wings will be kept to a minimum.

### Level 1 - Minimal Risk

There are no confirmed cases known in the school.

Classes operate as normal per current school COVID-19 Guidelines.

### Level 2 - Moderate Risk

There is at least one confirmed case in a wing.

Classes operate as normal per current school COVID-19 Guidelines. Families will be notified of a confirmed case in their child’s classroom.

### Level 3 - High Contained Risk

There are three or more confirmed cases from different households in a classroom.

The classroom that is affected will transition to remote learning for a period of 10 days. K1-K3 classes will close for 10 days.

### Level 4 - High Risk

There are multiple classrooms at Level 3 in a particular wing.

Students in this wing will transition to remote learning for 10 days. K1-K3 classes will close for 10 days.

### Level 5 - Very High Risk

There are multiple wings at Level 4.

All Cornerstone students will transition for a period of time determined by CCA Administration.
